REMOVING THE SAFETY INTERLOCK SCREW

IMPORTANT: Your safe may have a “Door Lock Override Device” installed. This device is to prohibit the lock from locking and it must be removed before the safe can be used properly.

- 1 Locate the handle spoke in the plastic bag and remove the protective cover.
Screw in the handle spoke at the bottom of the handle hub.
- 2 Locate the Allen Wrench and the black cap in the plastic bag.
- 3 Locate the screw in the center of the Consumer Warning label on the side of the door.
- 4 Loosen the screw with the Allen Wrench.
- 5 After the screw is removed, discard it and cover the hole with the black cap.

⚠ WARNING

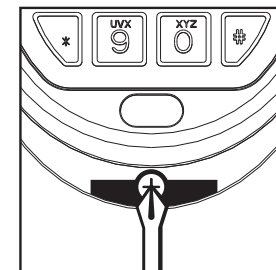

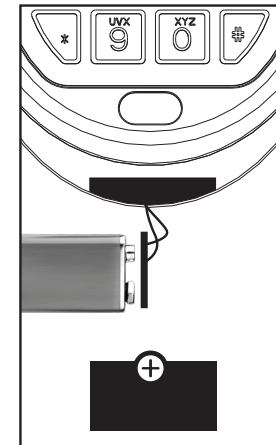

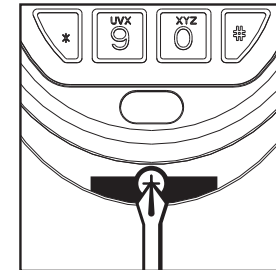

The Safety Interlock Screw must be removed before BATTERY INSTALLATION AND PROGRAMMING THE LOCK.

BATTERY INSTALLATION

⚠ IMPORTANT

Keypad cannot be removed from door.

- 1 Locate the 9V Alkaline Battery in the plastic bag.
- 2 Remove the Phillips head screw from the battery cover located on the bottom of the keypad.
- 3 Connect the battery and gently insert the battery up inside the keypad and replace the battery cover.
- 4 Re-install the Phillips head screw in the battery cover. DO NOT OVER TIGHTEN!

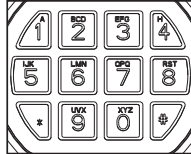

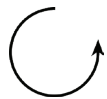

OPENING SAFE FOR THE FIRST TIME

Follow REMOVING THE SAFETY INTERLOCK SCREW and BATTERY INSTALLATION on pages 5-6 before proceeding.

- 1 Turn handle counter-clockwise  until it stops.

- 2 Enter the six (6) digit factory preset passcode 1-2-3-4-5-6. (The lock will beep two (2) times).

- 3 Within four (4) seconds, turn the handle clockwise. 
- 4 Pull door open.
- 5 With the door open, turn handle counter-clockwise  and lock door bolts in open position.
- 6 Test passcode 1-2-3-4-5-6 several times before closing and locking door.

WARNING

The lock will beep three (3) times if an incorrect passcode is entered.
If a mistake is made, wait thirty (30) seconds and repeat steps 1-6.

INSTALLING THE HANDLE SPOKES

Follow OPENING SAFE FOR THE FIRST TIME on page 7 before proceeding.

- 1 Locate two (2) additional spokes inside safe and remove protective covers.

- 2 Screw spokes into the handle hub.

OPTIONAL

To prevent loosening, apply one drop of Thread Lock on the threads of each spoke.
NOTE: Thread Lock is not included. Purchase from your local hardware store.

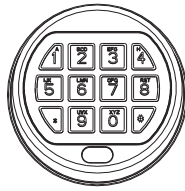

PROGRAMMING THE LOCK

OPEN THE SAFE DOOR

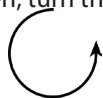

1. Enter your existing six (6) digit passcode and open the door.

NOTE:

If you are changing the passcode for the first time, your existing passcode will be 1-2-3-4-5-6.

2. With the door open, turn the handle counter-clockwise to lock the door bolts.

PROGRAMMING

1. Write down your new six (6) digit passcode before you proceed.
2. Enter "zero" six (6) times 0-0-0-0-0-0. (The lock will beep two (2) times indicating that you are in the programming mode).
3. Within four (4) seconds, enter your existing six (6) digit passcode one (1) time. (The lock will beep two (2) times).
4. Within four (4) seconds, enter your NEW six (6) digit passcode. (The lock will beep two (2) times).
5. Enter your NEW six (6) digit passcode again. (The lock will beep two (2) times). **NOTE:** Three beeps indicates that the old passcode is still valid).
6. If a mistake is made, wait thirty (30) seconds and repeat steps **1-4**.
7. Test your new passcode several times before closing and locking the safe.

CAUTION

When selecting a passcode, do not use a birthday or other predictable data that could give correlation between the user and passcode. Keep the passcode secret.

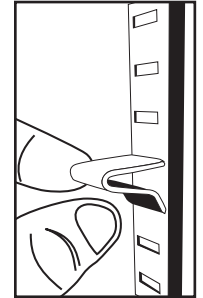

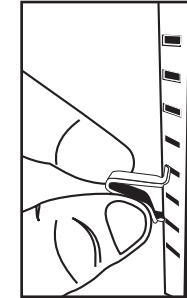

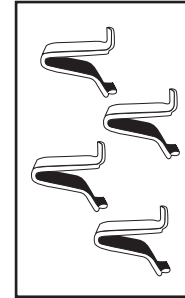

LOCK-OUT PENALTY:

- Entry of four (4) consecutive incorrect passcodes starts a five (5) minute lock-out period. (LED flashes red at ten (10) second intervals).
- At the end of the lock-out period, two (2) more consecutive incorrect passcodes will restart an additional five (5) minute lock-out period.
- The battery must remain connected. Removing the battery will not override the lock-out period.

SHELF INSTALLATION

NOTE: Determine desired height and layout of shelves before you begin installation.

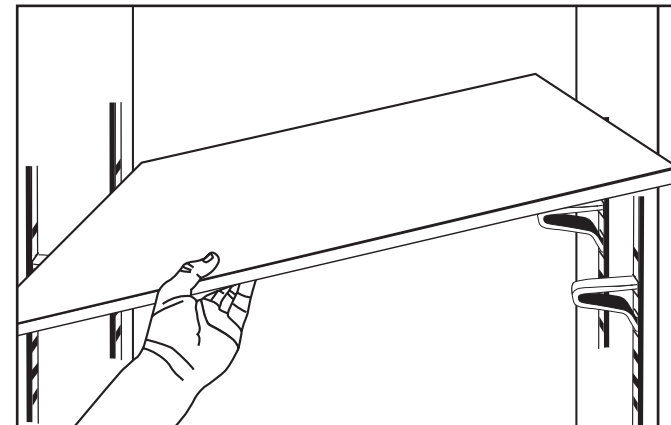

1. Locate Metal Shelf Clips inside the safe.
2. Insert the top of the clip into the notch.
3. Push the bottom of the clip into the lower notch.

IMPORTANT

Four (4) clips are required for each shelf. Make sure all four (4) clips are in alignment before moving on to step 4.

4. Carefully place shelf on top of the clips.

5. To remove clips, squeeze the clip with your hand or pliers and lift up.

BOLTING YOUR SAFE TO THE FLOOR

- ❶ Locate the four (4) Concrete Bolts inside the safe.
- ❷ Remove interior shelving and four (4) Bolt Down Hole Caps.
- ❸ Place the safe where you want it bolted down and mark the floor through the holes in the bottom of the safe.
- ❹ Move the safe and drill holes in the floor with a 5/8 inch masonry bit.
- ❺ Reposition the safe over the holes and install the four (4) Concrete Bolts.
- ❻ To prevent heat from entering the safe during fire, fill the holes with a high temperature silicone caulk.
NOTE: Caulk is not included. Purchase from your local hardware store.
- ❼ Replace the four (4) Bolt Down Hole Caps and interior shelving.

TROUBLE SHOOTING GUIDE

PROBLEM	SOLUTION
I lost the combination to my safe. What do I do?	For your protection, the most important aspect of this process is for us to verify the true ownership of the safe. Please go to www.firstalert.com and click on the COMBINATION / KEY REQUEST page and follow the instructions. Once completed, fax or mail the forms to us for processing.
What kind of battery do I use in my electronic lock?	High security electronic safe locks are very sensitive to battery power. All of our safe locks require a 9-Volt ALKALINE ENERGIZER or DURACELL. Most likely, your lock will not operate properly if a battery other than this is used.
How do I remove the pallet from my safe?	Visit the FAQ section on www.firstalert.com .
How do I replace the battery in my electronic lock?	Please refer to Pg. 6 BATTERY INSTALLATION . Make sure you use only a 9-Volt ALKALINE ENERGIZER or DURACELL battery.
How do I change the combination in my electronic lock?	Please refer to Pg. 9 PROGRAMMING THE LOCK .
I enter my code in the electronic lock and I get (3) three "beeps", and the lock will not open.	The (3) three "beeps" indicates that the lock does not recognize the code you entered as being valid. Verify your code and enter it again. If the lock still does not open, please go to www.firstalert.com and go to the COMBINATION / KEY REQUEST page and follow the instructions. Once completed, fax or mail the forms to us for processing.

USE, CARE AND MAINTENANCE

When properly maintained, your safe will continue to operate and accurately read the authorized passcode for many years. In order to ensure optimum performance of your safe, please follow these simple precautions:

Battery Maintenance

- 1 Always purchase and use the batteries as specified by this User's manual.
- 2 Always replace **all** batteries at the same time. It is recommended to replace all batteries at least once a year or sooner depending on amount of use.
- 3 Always clean the battery contacts in the battery compartment and on the batteries before installing new batteries.
- 4 Always make sure all batteries match the polarity (+ and -) signs in the open battery compartment.
- 5 If your safe will not be used for an extended period of time, it is recommended that you remove the batteries.
- 6 Always promptly remove and properly discard of all used batteries.

BATTERY REPLACEMENT AND LOW WARNING

- Repeated LED flashing and beeping indicates that the battery is low and needs immediate replacement.
- Use one (1) 9-Volt alkaline battery only. (Example: Duracell™ or ENERGIZER™ alkaline batteries.)
- It is recommended that batteries be replaced at least once a year.

Clean Hand – Never attempt to operate the digital keypad if your hands have excessive dirt, debris or liquids on them.

Clean Safe – To clean the surface of your safe, it is recommended that you use a mild cleaner (e.g., window cleaner) to avoid scratching or discoloring the surface. Always wipe dry and NEVER use abrasive cleansers on the safe or digital keypad.

Moisture – We recommend that you place delicate items such as pictures or intricate jewelry into an air-tight container before storing them in your safe. Avoid placing your safe in areas of high humidity. For optimum performance, the safe should be opened and aired out for at least 20 minutes every two weeks.

For future reference, store this Operation and Installation Guide in a secure area away from the safe. DO NOT DISCARD!

CONSUMER AFFAIRS

YOUR SAFE'S UNIQUE IDENTIFICATION NUMBERS

When contacting Consumer Affairs, you should be prepared to supply some important information that specifically identifies your safe. This information is extremely important to assuring prompt and accurate customer assistance.

MODEL NUMBER

1

SERIAL NUMBER

2

PASSCODE

3

It is strongly recommended that you identify and record the following information in the Safe Identification Record form located on page 15.

Safe Identification Record

Model Number _____

Serial Number _____

Passcode _____

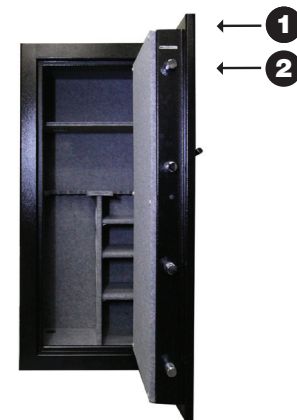

1

2

3

Digital Passcode Record - Model 7319DFB, 7334DFB

Your Passcode must be 6 digits.

⚠ IMPORTANT DO NOT REMOVE TAGS

In case your safe becomes inoperable these identification numbers will be needed to correct the problem. It is recommended that the number tags remain in place on the safe. If removal is necessary, then they should be attached to the inside back cover of this manual. Store in a safe and secure place for future reference.

HOW TO OBTAIN WARRANTY SERVICE

If service is required, do not return the product to your retailer. In order to obtain warranty service, contact Consumer Affairs at 1-800-323-9005, 7:30 a.m. – 5 p.m. Central Standard Time, Monday through Friday. To assist us in serving you, please have the model number, serial number and date of purchase available when calling.

For Warranty Service return to:

**First Alert, Inc.
Attn: Warranty Safe Returns
23610 S Banning Blvd
Carson, CA 90745**

**PLEASE CALL US AT 1-800-323-9005 TO
ESTABLISH A WARRANTY RETURN SET-UP**

LIMITED WARRANTY

BRK Brands, Inc., ("BRK") warrants that for a period of five (5) years from the date of purchase, this product will be free from defects in material and workmanship. BRK, at its sole option, will repair or replace this product or any component of the product found to be defective during the warranty period. Replacement or repair will be made with a new or remanufactured product or component. If the product is no longer available, replacement may be made with a similar product of equal or greater value. This is your exclusive warranty.

This warranty is only valid for the original retail purchaser from the date of initial retail purchase and is not transferable. You must keep the original sales receipt. Proof of purchase is required to obtain warranty performance. BRK dealers, service centers, or retail stores selling this product do not have the right to alter, modify or in any way change the terms and conditions of this warranty.

This warranty does not apply to the finish on the product. This warranty does not cover normal wear and tear of parts or damage resulting from any of the following: negligent use or misuse of the product, use contrary to the operating instructions, disassembly, repair or alteration by anyone other than BRK or an authorized service center, improper installation, or exposure to extremes of heat or humidity. Further, the warranty does not cover Acts of God, including natural disasters.

BRK shall not be liable for any incidental or consequential damages caused by the breach of any express or implied warranty. BRK is also not responsible for: costs associated with removing or installing the product; opening or repairing the product due to lost or forgotten passcode; damage or loss of the contents of the product; nor for the unauthorized removal of the contents; or damages incurred during shipment.

Except to the extent prohibited by applicable law, any implied warranty of merchantability or fitness for a particular purpose is limited in duration to the duration of the above Warranty Period. Some states, provinces or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state, or province to province, or jurisdiction to jurisdiction.

If you have any questions that cannot be answered by reading this manual, call Consumer Affairs at 1-800-323-9005.
